MANNED UNDERWATER VEHICLES COMMITTEE

Underwater Intervention 2009 Conference

MARCH 3,4,5, 2009, Morial Convention Center, New Orleans, USA

UI 2009 - Manned Submersibles - Call for Papers

**You are Invited to Participate in the
6th ANNUAL Manned Submersible Program**

We meet again at
Underwater Intervention 2009 Conference
In New Orleans for the
6th Annual Manned Submersible Program.

The Manned Submersible Industry has its own yearly conference and it meets at Underwater Intervention. This is a unique event focused on bringing together Manned Underwater Vehicles Professionals from around the World.

The UI 2009 Manned Submersible Program is dedicated to the discussion of current and future issues, challenges and opportunities related to design, construction, operation and regulations.

If you are working with underwater vehicles, as an operator, manufacturer, designer, inspector or owner, plan to join the event. To see past Programs, visit our Committee Website at www.mtsmuv.org

PRESENTATIONS and PANEL DISCUSSIONS are grouped in 4 sectors:

1. Submersible Vehicle Operations
2. Submersible Design and Manufacture
3. Industry Regulatory Issues
4. Accessory Equipment for Submersibles

SHARE YOUR WORK AND ACCOMPLISHMENTS in 2008

For full information on the conference go to:
www.underwaterintervention.com

Deadline to Submit a 50 word Abstract is Oct 31, 2008
